WHITEWATER VOTE ELECTS COPPINS

Johnson Second at Polls; Mrs. Fowler Elected to City Council.

Whitewater—George W. Coppins was elected mayor of Whitewater in a three-cornered race here Saturday night with former District Attorney Easton Johnson running second and Spencer Fish third. The vote for the city was: Coppins, 230; Johnson, 512, and Fish, 285. The total vote polled was 1,783, the largest since the time President Salisbury ran for state auditor-elect of public instruction.

The second ward selected Mrs. Matilda C. Fowler as the alderman over A. M. Hanson, giving the former 508 to 266 votes for her opponent. Mrs. Fowler is the first woman to be elected to the council and received many congratulations.

Edward Sweeney was elected alderman in the third ward. He received 337 votes and Merritt Magoon, his opponent, 250. J. R. Dunham was re-elected with 229 votes to 129 for Charles Lockock, as alderman of the third ward.

Supervisors elected are as follows: First, John Henderson, 82; Charles Davis, 27; Second ward, Harold Anderson, 515, and Amos G. Engel, 206; Third, Walter E. Gnatzig, 421; Gustava Wiedenhoft, 233, of the first ward and John C. Coe, 49, in the third, were elected to the school board without opposition.

The largest vote was polled by City Treasurer Jacob Kuelzer, given a complimentary vote of 1503, Charles Imman, city clerk, received 1,483.

John H. Fryer won over Edward Winn as city assessor. Fryer received 739 and Winn, 512.

Charles H. Williams was re-elected justice of the peace in a three-cornered fight. The vote was Williams, 1,251; Albert Jolly, 592 and Frank Fryer, 61.

WALWORTH BOARD
CHAIRMAN RE-ELECTED
L. J. Egan, chairman of the Walworth county board, was re-elected to the board by the voters of the first ward, who gave him a 120 majority over William D. Seymour, received 145 and D. J. Egan, 25. Richard Briggs defeated J. J. Egan for supervisor of the second ward, 80-13 and Edward Reibert was elected to the board from the third without opposition. Crowhurst's vote was 223 in the city.

CLEAN SWEEP FOR CITIZENS' TICKET
(Continued from Page 1)
ell, ran closely behind Atwood, piling up a count of 3,331 votes in the city, or 288 less than the man in second place, Mr. Jensen. In the city of Janesville, Jensen is head of the ticket.

Boyd C. Gardner, superintendent of the Hough Shade company, finished up in fourth place, only 10 behind Jensen, his total vote being 3,272. George A. Jacobs, insurance agent, was fifth with 3,167, or 105 below Gardner.

Sixth place went to A. J. Gibbons, head of the Hanson Furniture factory, who had just 17 votes less than Jacobs. Gibbons' total was 3,150. He is also completing his second year as an alderman under the present administration. He and Jensen were the only ones of the nine aldermen running this year to be elected.

Mrs. Emma H. Manning polled a "seventh" vote in the present election and wound up in seventh place with a total of 2,874, 275 behind Gibbons.

CARRY SIX PRECINCTS.
The entire city precinct ticket ran as the seven highest in six out of the 10 precincts. They ran behind in the fourth and fifth wards, while in the first precinct, the Second, Seventh and Eighth wards, ahead of Jacobs and Mrs. Manning. E. Esser also leading Gardner and Gibbons in this precinct.

Sennett's Losses by 251.
George E. Sennett, insurance agent, lost out in his fight for a council seat by 251 votes, his total vote of 2,623 being that much less than the poll for Mrs. Manning. Sennett, who has never served a term as alderman, ran second to McCue in both precincts of the Fourth finished third in the fifth ward, eighth and ninth in the other precincts.

Seven present aldermen finished in the last positions.

George E. Esser, of the Heibel Bottling company, wound up in ninth place with 2,456, while John C. Harlow finished 10th, with 2,423.

The seventh position was captured by J. J. Dulin, Northwestern railroad conductor and veteran president of the city council, who polled 2,150 votes, receiving 401 in his own ward, the fifth.

Ransom Is 12th.
Ensign H. Ransom had 2,132 votes for 12th place and L. J. Cronin, 2,083 for 13th. The two who were not on either ticket, Glenn L. Gardiner and J. D. Horn, trailed Cronin by 700 to 1,000 votes. Gardiner's vote was 1,329 and Horn's 1,067.

Horn polled 549 votes in his own ward to 438 for Harlow, while Gardiner got 172 votes in his own ward. The seventh, which was Cronin's 174, Sennett and Esser were a tie in the second precinct of the Second, with 223 apiece.

McCue's Majority 2,340.
A comparison of the vote for the seven successful candidates with that given the next seven on the list shows McCue with a majority of 2,340 over Sennett. Atwood, running as a free lance, polled 1,143; Jensen ahead of Harlow by 908; Boyd Gardner with a majority of 1,025 over Dulin; Jacobs trailing Ransom by 1,015; Gibbons leading Cronin by 1,052; and Mrs. Manning ahead of Glenn Gardiner by 1,545.

Mrs. Manning's majority over Dulin was 604 votes.

Croft for School Com'r.
Despite the fact that he refused to have nomination papers circulated for him, George Croft was re-elected school commissioner from the fifth ward, getting 75 votes, to 25 for Patrick Dulin, who ran second. There being no official candidate, the names were written in on the ballots.

"I wouldn't go back on them," said Mr. Croft, at 12:30 a. m., Wednesday, in announcing that he would again accept the office. Other fifth ward men who received votes for school commissioner were: Roesling, 9; Stead, 4; Joyce, 4; George Schaller, 3; R. C. Thomsen, 2; Fred J. Lock, 1; Whalen, Mrs. Hemmings and Sert, one each. Frank Fraunfelder received seven votes for justice of the peace and Charles Enslow four, in this ward.

Others Are Unopposed.
Jesse Barle, school board president, was re-elected school commissioner-at-large without opposition, receiving a complimentary vote of around 4,000. Other school commissioners re-elected without opposition were: E. T. Sawyer, First ward; Charles Mudgett, Third; the Seventh, J. P. Hammarlund, was elected to succeed O. A. Oestreich. He had no opponent.

Charles Egan was re-elected justice of the peace for the two year term with no opposition.

MAKES GOOD RUN

GEORGE J. SENNETT.

George J. Sennett, member of the public library board, proved popular as a candidate for councilman, Tuesday, and came within 251 votes of being named. He was the first H. Howe, after the seven victorious candidates, polling 2,623 votes.

WALWORTH COUNTY

ELKHORN

MRS. GRANT HARRINGTON,
Tele. No. 35.
County Seat News.

Elkhorn.—Election in Elkhorn was an unusually tame affair. There were no contests and the following officers were elected: Mrs. Alice Olson, city treasurer to fill vacancy caused by the resignation of Harold Optiz; aldermen for two years George Hutton, 1st ward, George Poch and Ward and John Tobin, 3rd ward. Will Optiz was elected supervisor in the 1st ward, C. K. Dunlap, 2nd ward and Ben Bachhuber, 3rd ward. J. E. Fuller was chosen justice of the peace. All were reelected except Will Optiz, who succeeds George O'Brien as supervisor.

More than \$50,000 delinquent real estate taxes have been returned by the local treasurers for 1922. This is \$10,000 more than last year and is the largest delinquent list in the history of the county. The delinquent personal property list amounts to \$2,851.62, which is also in excess of other years.

Miss Helen Martin was reelected county superintendent of schools without opposition. She has held the office since 1909 and has jurisdiction over the whole county except the cities of Watkiss, Lake Geneva and Elkhorn.

Clarence Buckholz has entered the employ of the Elkhorn Light and Water Commission.

What Would We Do Without Cement?

Without portland cement most of the country's construction projects, large and small, would quickly stop.

Most work could not even start without cement for foundations.

With this in mind let's see where the cement industry stands today.

Last year the country used over 460,000,000 sacks of portland cement. Capacity to manufacture was nearly 600,000,000 sacks.

Cement cannot be made everywhere, because raw materials of the necessary chemical composition are not found in sufficient quantities everywhere.

It is now manufactured, however, in 27 states, and there are 117 plants—some one or more within easy shipping distance of nearly every part of the country.

Conservative estimates place the capital invested in the cement industry at \$300,000,000, and value of output for the last 5 years at \$860,000,000.

Capital requirements are large—turnover is slow—on an average less than 3 times in 5 years.

Establishing the portland cement industry in this country has meant a great deal in costly experience.

159 cement plants have been built, most of them in the last 25 years—166 others went through some stage of construction or financing. Of these 325, only 117 have survived the financial, operating and marketing hazards of that period.

The capacity of these plants is 30 per cent greater than the record year's demand.

Philly Man Rolls 2019 for New World All-Event Record

KNOX STRIKES OUT IN SINGLES EVENT TO DISPLACE DAW

[BY ASSOCIATED PRESS.]
Milwaukee.—A new world record, changing among the five leaders of the all-events, singles and doubles featured in the American Bowling congress tournament here Tuesday, William Knox, of Philadelphia, in a performance which in some respects transcended that of C. Daw of Milwaukee, who last week established a new mark in the all-events when he totaled 2,019 in his career, met the ace last late Tuesday afternoon and came through with flying colors, topping the score of Daw by five pins (2,019) and setting a new record. Knox, who is a member of the Quaker team of Philadelphia on Monday night, scored 618 pins in the team event, added 686 strikes in the doubles, and counted 715 in the singles for third place.

Knox started his singles with a 192 game, the breaks being against him. He followed with 241 in his second game, and then in his final game of the singles to take the lead in all-events, he lined up strike after strike until the ninth frame was reached. Then he lost a perfect hit, the number eight pin wobbling but standing. Only a double in the last frame would give him the lead in the all-events, but he did more than that and struck out for a 273 total, giving him the high single game of the tournament.

The McCann team of Waukegan, Ill., scored the highest total in the team event Tuesday night when they turned in games of 943, 961 and 990 for a total of 2,894. A. Flood was the high man on the team with 119.

Teams from Chicago, Akron, Grand Rapids and Madison, Wis., will compete in the five man event today.

The standings: Nelson Mitchell, Milwaukee, 2,139; Claman's Dairy Lunch, Indianapolis, 2,115; Rison Creamery, Detroit, 2,067; Livestock Press No. 1, Chicago, 2,052; Peterson Parkways, Chicago, 2,061.

Doubles.—C. Daw-F. Wilson, Milwaukee, 1,365; F. Schert-H. Sanders, Dayton, 1,318; H. Scholtz-J. Scholtz, Detroit, 1,288; W. Knox-C. Truitt, Philadelphia, 1,302; F. Kolacke-J. Jacobs, Milwaukee, 1,295.

Singles.—C. Baumgartner, Cincinnati, 724; C. G. Smith, Milwaukee, 712; W. Knox, Philadelphia, 715; M. McDowell, Cleveland, 713; W. Elwert, Toledo, 711.

All events.—W. Knox, Philadelphia, 2,019; C. Daw, Milwaukee, 2,014; M. McDowell, Cleveland, 2,005; F. Chai-craft, Buffalo, 1,945; C. Moses, Toledo, 1,936.

Purple Swim Record Leads All Big Ten

[SPECIAL TO THE GAZETTE.]
Evansville.—Out of 13 western conference swimming meets held since 1910, Northwestern University has won seven, and was placed in three times. But the 1923 conference meet, just held, was the crowning success for Northwestern, for the Purple swimmers carried away conference honors in intercollegiate and individual events.

"The outstanding star of the conference," said Coach Tom Robinson of Northwestern, "was our man, Ralph Dreyer. He set a new conference record in the 40-yard swim at 15 seconds flat. He also swam the 440-yard in 6:24-2-5, which breaks both the conference and national collegiate record. In the 220-yard free-style swim against Illinois, Dreyer made a new national collegiate record at 2:22-2-5. He was another man on the record-breaking relay team which made a new conference record of 1:19; the same team made a new western intercollegiate record of 1:15 against Minnesota."

Dreyer represented Northwestern at Princeton University, where the national intercollegiate swimming meet was held, and had little trouble defending his title against the aces of the big eastern universities.

Swimming began at Northwestern University early in the fall of 1910 when the pool in Dutton gymnasium was completed. The first swimming team was not expected to offer much resistance to the veterans of the conference, but the Purple swimmers defeated both Chicago and Illinois in their first two meets in the home pool.

Since 1910 Northwestern has fought 47 dual meets and has lost only 10. In 11 years of competition in dual meets, Northwestern has scored 193-15 points against their opponents' 153-15.

The Purple 100-yard relay team has started in 60 races in conference and dual meets and has won 47. This year's team holds the conference record of 1:19-1-10 and the western intercollegiate record of 1:15.

Northwestern now holds five western intercollegiate and conference records:

100-yard relay at 1:15;
40-yard free style, 15 seconds;
220-yard free style, 2:22-2-5;
440-yard free style, 6:24-2-5;
400-yard relay (made in 1917) 5:08-2-5.

Northwestern also holds two national records, made this year: Ralph Dreyer, 220-yard free style 2:22-2-5, and 440-yard free style 6:24-2-5.

Dreyer is not only a championship swimmer, but a star in his classes in the college of liberal arts at Northwestern.

The Fred Bakors of Watertown gathered 2,665 and the Luucks five of the same city made 2,518.

Schumacher-Hartman of (Watertown led the bowlers of that city in doubles with 1,115.

Busby Man's Sport Page

By FRANK SINCLAIR

NO GREATER testimonial was ever paid any man than that remarkable one to Rollie Williams by his people of Edgerton on Monday night. It was a rich outpouring of adoration for a lad who has done things in his own quiet manner. It ranks with the sincere tributes paid other men and exceeds most of them because of the sincerity of every one implicated in "throwing the feed," as the parlance of the day would say it.

MANY have known Williams on the field of action, in the gymnasium or in other athletic environments, but it was the intimate stories of his life from boyhood up that went deep into the hearts of those present. There were human yarns woven about a human lad. Yet there was one which was not told to those gathered.

THAT story is about Rollie and his mother. The lady present as Mrs. Williams has been a real mother to the lad, but she is his step-mother. From his earliest days in school, Rollie was called mother's boy. His mother's name is Mrs. Williams. "Those who know him intimately recall the way he used to throw his arms around her neck and ask in first endearing terms, 'How's my little sweetheart today?'" His mother took a wonderful interest in her son and helped him through every trial, no matter how small.

ROLLIE was the perfect son. Once when his mother was taken sick, he nursed her through a long time when she was entertaining 40 guests, rather than have her lose the pleasure of giving her friends the hospitality she had planned. Rollie saved the entire company with dinner all by himself. That was while he still was in high school. It shows his devotion and the fine affection in his character.

WILLIAMS now has a big problem on his mind. He has definitely decided to turn to the professional athletics believing more in serving the spirit of sports than the pocketbook. Two offers stand before him. One is from the Agricultural college at Manhattan, Kan., the other from Milliken at Decatur, Ill. Which to take is confronting him. He would have liked to come to Janesville, where he has been an athlete—the offer was made him—but he sees a bigger field ahead. Whichever way he turns, his thousands of friends will wish him the best of fortune.

William Knox, Philadelphia, sets world all-event bowling record with 2,019 at A. B. C. Milwaukee.

"Ching" Johnson, star of Eveleth, Minn., amateur hockey team, refused offer of \$10,000 to play for four seasons, to turn "pro."

Diamond Sparkies.—Cleveland Indians won nine out of 12 pre-season games against National league teams; the Indians go to Atlanta Thursday to play Toronto, Internationals. Giants and White Sox were to play at St. Louis Wednesday night. Charlie Robertson of no-hit fame is with White Sox Wednesday having signed. Cubs were to oppose St. Louis again Wednesday. Babe Ruth reported to be in the throes of one of his worst batting slumps and is said to be worried. "Kid" Gleason of White Sox, says Giants should win again this year, and perhaps third world's championship. The "Kid" predicts his own team will finish well up at the top in the American league. Damages for alleged conspiracy and injury to reputation aggregating \$400,000 are demanded in two new complaints filed here by Oscar Pelach and Charles Risberg, former Chicago American league players, the actions arising out of White Sox scandal of 1920.

Walla Walla defeats Gloversville, N. Y., in first game of national "prep" basketball games at Chicago.

Scraps About Scrappers.—Ed (Strangler) Lewis retains heavyweight wrestling title defeating Renato Gardini two out of three falls. Charley White, Chicago's contender for lightweight crown, will make first appearance of career before home town next Monday, meeting Johnny Williams, Brooklyn, under an injunction restraining police from interference. Tom Gibson, St. Paul light heavyweight, will be permitted by New York commission to meet Jack Dempsey for heavyweight title in first defeat Jack Renaldi, Canadian. Marty Burke, New Orleans heavyweight, famed as "string bean of the ring," moves to Cleveland; Burke was training partner for Jack when the pool in Dutton gymnasium was completed. The first swimming team was not expected to offer much resistance to the veterans of the conference, but the Purple swimmers defeated both Chicago and Illinois in their first two meets in the home pool.

Since 1910 Northwestern has fought 47 dual meets and has lost only 10. In 11 years of competition in dual meets, Northwestern has scored 193-15 points against their opponents' 153-15.

The Purple 100-yard relay team has started in 60 races in conference and dual meets and has won 47. This year's team holds the conference record of 1:19-1-10 and the western intercollegiate record of 1:15.

BRINGING UP FATHER

Wrestler Lewis Retains Title; Throws Gardini

Chicago.—"Strangler" Ed Lewis' vicious headlock helped him to a two out of three falls victory in defense of his world's heavyweight wrestling championship here Tuesday night from Renato Gardini, Boston, Mass. Williams.

For the first fall Gardini slammed Lewis to the mat with a flying mare, and while the champion lay with his head smashed from a blow, pinned him with a double arm lock in 20 minutes and 22 seconds.

In an hour 11 minutes and 45 seconds, Lewis applied a dozen headlocks for the second fall. The Italian challenger came out for the third fall dazed and weakened by the punishing grasp of Lewis arms about his head, and succumbed to four successive headlocks for the deciding fall in 3 minutes and 21 seconds.

La Crosse Coach Has Resigned; Focuses Eye Here

La Crosse.—George Koegen, coach of the high school athletic teams, will not return to La Crosse in 1923. It became known here this week.

He did not announce his plans for the coming season but it is thought that he is considering several attractive coaching offers. He has had 12 years' experience in minor colleges. His team at La Crosse were always among the best in the state, although he failed to land a championship during the two years here.

Koegen would like to land the job as athletic director of Janesville high school.

Lasker Loses in Fourth Game to Champ Marshall

Chicago.—After having won two and a half to a half, Edward Lasker, Chicago challenger for the national chess title, was defeated by Marshall Tuesday at the hands of Frank J. Marshall, New York, the champion. The play was at Hamilton club, here.

When the players resumed the adjourned play of Monday night, Marshall continued his attack, forcing Lasker to resign the fourth game, the 29th move. Lasker worked desperately on the defensive. His efforts to restrain the champion's onslaughts were futile. At the 29th move, he was faced with the loss of a pawn and an imminent exchange of queens. He resigned to avoid the loss of his men.

When the contest ended, Marshall and Lasker each had a queen and bishop, but the winner was fortified with five pawns to three. The game lasted five hours and two minutes.

Outdoor Work Gets Started at Beloit College

[SPECIAL TO THE GAZETTE.]
Beloit.—Spring baseball training has started at Beloit college. Dr. Epito min, Coach Tommy Mills has had his squad out on the campus for batting practice. The drill in the gymnasium has been confined to picking and catching.

With the Northwestern university game but eight days away, it will require some heavy drill to get the team into condition.

Four Games This Month
Beloit will play Wisconsin Apr. 17. Coach Mills called up Guy Lowman, Badger coach, and fixed the date. The game was scheduled originally Apr. 8. Northwestern college asked for a game on Apr. 21, but "Tommy" has not accepted yet. If Northwestern of Watertown is scheduled there will be four games in April.

Apr. 21—Northwestern university at Evanston.
Apr. 22—Wisconsin University at Madison.

Apr. 23—Northwestern college at Watertown (tentative).
Apr. 24—Lakes Forest at Beloit.

There are only two positions on the team that are fixed. Captain Foster is at second base, who is playing his fourth year at this school, and "Jim" Laith at short. The other places will be filled after Coach Mills has the new men work out on the diamond.

Three First Sackers
There will be three men available to cover first base: Dawson, Brown and Vondrashek. Dawson will be tried at third base and "Doc" Irvine, veteran third baseman, will be shifted to the outfield. Irvine has been handicapped with a poor throwing arm, but his great hitting power has made him valuable. Brown and Vondrashek will be able to take care of the initial corner in case Dawson is shifted.

Mills will be well supplied with pitchers. He has Blatt and Winkler, two veteran twirlers, and Wheeler, Vondrashek and Watson to depend upon. Blatt was handicapped last year with a bad foot but turned in a wonderful game against Notre Dame at the end of the season. Winkler has been the mainstay of this department for the last two years and should be more valuable than ever with his summer seasoning. Watson will probably be the other pitcher, since Wheeler and Vondrashek are to be used in other positions. Watson has had a lot of baseball experience and will be a valuable man.

Wheeler and Hutchinson are the only two catchers and will no doubt have to be carried on all of the trips. Wheeler looks good in practice but it yet remains to be seen as to what he can do behind the bat. Hutchinson was utility catcher last year and should be useful this year.

Rossie in Outfield
In the outfield Coach Mills will have two veterans, Schroeder and Rossie. He will have many other men to pick from to fill these positions. Rossie is a senior in the outfield and the pitchers will be available while not on duty. Mills expects to fill these positions so as to get the greatest hitting strength possible out of the team.

Work on the May schedule has been carried out and the week ends are filled up. Tentative games have been scheduled with Coe, Cornell, Lake Forest and St. Viators. Notre Dame and the Michigan Aggies have asked for dates, and it is probable that these teams will be played on one trip. The schedule has to be sanctioned by the faculty committee before the exact dates can be announced.

With his sister, he drove to and from school daily in a rattletrap of an old buggy. I thought I saw speed in him but he had no time to practice. He had to leave school as soon as classes were dismissed so that he might reach home in time to do the chores. I sought the sister's advice. "You just leave that to me," she said. "I'll train him."

"And she did. When they started to school, John put on his running shoes, his sister caught the old horse to town, John panting after the buggy. Hoveyward bound, it was the same story.

"Finally came the day for the meet. John, I said, 'How fast can you run the mile?' 'Why,' was his reply, 'I'm sure I can't say, I never ran anything under four miles in my life.'

"Well, I said, 'You go in and show them how it ought to be done.' "When the race was over, John led by fully 220 yards. He had gone the first mile of his usual four in 4.46½. I don't remember exactly, but I think his sister and some of us teachers had to stop him and tell him the race was over. Anyway, he had won the meet for his team. In all my time as a teacher I never had any experience more satisfying than that."

PLAY SECOND GAME FOR TITLE FRIDAY
Second game to decide second place honors in the Sunday school baseball league will be played at the "Y" at 8 p. m. Friday. The St. Patrick's, winners of the first game in the playoff, clash with the Christian Scientists.

Wisconsin Will Prosper, Doudna Tells Rotarians

Despite the reputation which some politicians are giving Wisconsin, the Doudna state may have no fear of its future, said E. Doudna, president of the Wisconsin Rapids Rotary club, speaking before the local Rotarians at noon Tuesday at the Grand hotel.

He gave a talk on the history of Wisconsin, tracing its romances and the things it has given the nation.

Pointing out that Wisconsin has given the world the typewriter, the Corliss engine, the thermostat, the binder, the threshing machine, the roller method of grinding wheat, the milk test, and many contributions to music, art and literature, Mr. Doudna said present unrest in the state is due to changing over from a purely agricultural state to an industrial. He declared neither side fully understands the other, hence the differences that are arising.

"It is time people interested in the welfare of Wisconsin turn their attention away from the things of which we are not proud to those of which we are proud," he said. "These are days of unrest and of loose attitude. People see too much of the superficial and not enough of the fundamentals. The great organizations that shall save our society are our schools and homes."

Mr. Doudna's talk was characterized by Rotarians as the most direct, concrete and simple story of the history of the state they had ever heard. He started back in the Indian days, the discoveries, fur trading, lead and zinc mining, through the several wars, the granting of statehood, and the transition from a lumbering commonwealth to a great industrial state.

He pointed out that Wisconsin is but one of the few states that have not been admitted to the Union in 1846, a clause in its constitution forbade it from bonding to more than \$100,000.

A talk on the W. W. C. A. as part of that organization's campaign for funds was given by Miss Adeline Fuchs, daughter of the Rev. S. W. Fuchs.

R. M. Richmond, Evansville, and W. H. Fox, Milwaukee, were guests Tuesday. The birthday of Earl Merrick was observed.

4,000 WARRANTS FOR TAX SEIZURES

Automobile Concern Among Those Involved in Federal Action.

MILWAUKEE—Four thousand distraint warrants, authorizing the seizure of property to satisfy government claims for taxes, have been issued by the internal revenue office, Collector A. H. Wilkinson announced late Tuesday.

One of those for whom the warrants were issued was Winthrop Motors, Inc., Kenosha automobile concern, against which there are claims aggregating more than \$38,000. There is a claim of \$37,453 for additional tax on income in 1918 and for \$1,268 claimed as an excise tax incurred between September and December, 1922.

The taxes are on revenue received during 1921. In practically all cases the taxes were income tax.

HIRAM CANDIDACY WILL DEPEND ON EUROPE RELATIONS

(Continued from Page 1.)

The Johnsons were invited to the White House shortly before Mr. Harding left for Florida and they discussed primarily some federal judge appointments in California. The conversation was of such an amiable character that after it occurred the word was whispered about that all talk of Johnson making a fight against the renomination of the president could be dismissed as idle chatter. It wasn't that the president was able to satisfy the wishes of Senator Johnson on the California matters in which he was interested, but that Mr. Johnson was represented as believing he would have no just reason to open a fight against the president as long as he did not go any further than he has already with respect to foreign policy.

Denunciations Participation

Mr. Johnson was outspoken later in his denunciation of the president's proposal to make America a member of the international court of justice but his basic opposition was not to the cause as much to the fact that the court judges are selected through the machinery of the league of nations. "The California senator feared that one step would lead to another and America would enter the league 'by the back door.'"

It cannot be said finally that the world court proposal is sufficient of itself to cause Mr. Johnson to break with Mr. Harding, but anything beyond that certainly will arouse the ire of the California senator and release him from any previous decision to support Mr. Harding for renomination. He would point to the 1920 campaign pledges and build his opposition on the ground that the principles which Mr. Johnson believes were instrumental in winning a seven million majority.

Defeat Predicted

The nearest approach to a public announcement of Mr. Johnson's candidacy was made several weeks ago—before the conference between the California senator and President Harding. It occurred in San Francisco before the Lincoln-Roosevelt league, the same organization that sponsored Johnson in his first governorship campaign, but has since been largely dormant in politics. Raymond Robins, a member of the executive committee of the republican national committee in 1920 and who occasionally went to Marion to give Mr. Harding advice on how to attract the progressive elements in

VOICE OF THE PEOPLE

Editor Gazette:

There seems to be much excitement in regard to the South Jive street raid, but it seems that little Christian charity was shown in regard to the women in the order to leave town, leave their homes, and their children. Why not have punished them by giving them an extended time, spending their nights in jail and days at home. Why separate children from their mother as it is the children that suffer. Instead of extending a hand to help these mothers we drive them from the city to push them down farther in the mire. House was their chief downfall.

Christ has said: "He who is without fault, let him cast the first stone." But if the state, county and city officials would enforce the 13th amendment there would be less crime, poverty and misery. But why talk of this when our governor, Blaine, comes out in support of booze? Of all the tools the devil uses to ruin men's souls, booze heads the list. Has not Christ said, "The drunkard shall not enter the kingdom of heaven."

Let our county officials close up South Jive street. It is a well known fact that South Jive street is a thorn in the moral welfare of Janesville. Rooms to be let, booze and women to be had at any time. Why is not something done? As long as we are setting an example of sending women out of our city, why not send the well known bootleggers out of town, who are robbing men of their manhood, health, money and even the ruin of their souls.

THOMAS MORELAND.

DID YOU SPOON? WHY? HOW? WHEN? WHERE? WHOM? SCIENCE ASKS

New York — College women throughout the country have been asked by the Bureau of Social Hygiene, Inc., founded by John J. Rockefeller, Jr., to answer frank questions concerning love, it was learned Tuesday. Questions put to unmarried women include:

"How old were you when you first began to spoon?"

"What effect, as you estimate it now, did spooning have upon the quality of your character?"

"Will you give the reason why you have not married?"

"What things are most stimulating to you?"

Married women and widows were asked these questions:

"Has your married life been a happy one, if not why not?"

"Were you strongly attracted toward young men?"

"If so, how would you describe this attraction?"

"Did you indulge, with one or more young men in the intimacies, usually embraced in the term spooning?"

"If so, how far did you go in spooning?"

The purpose of the questionnaires is to aid in solving vexed questions of education and hygiene.

"We must have more information about the average woman in order to have any reliable guidance in the training of our girls and boys," the introductory statement reads.

"The needed information covers items of personal tendency, personal experience and personal opinion. To be of real value such information must come out of the life experience of sensible and intelligent women who can be relied upon to furnish thoughtful and frank statements."

CECIL URGES U. S. TO ENTER LEAGUE

(By Associated Press.)

New York — Lord Robert Cecil, English statesman and protagonist of the League of Nations, in his first formal address in America, told 2,000 persons at a dinner of the Foreign Policy association in the Hotel Astor Monday night, that America could not afford to stay out of the league.

"The league already has done more than work and will continue to do so, he said. America should ask herself, he said, if she can afford to stand aloof from the schemes that promise more than any other, to prevent the outbreak of war. Other outstanding points in his address were:

"International fear and suspicion are the basic evils responsible for the madness of war."

"In their places must be substituted the force of persuasion and public opinion."

"Disarmament cannot come until it is general and that it cannot be general until nations agree to help their neighbors if they are attacked."

"No nation can build a Chinese wall around its frontier and exclude other nations of the world."

"The League of Nations has been accepted by 52 nations as the best means of substituting armed forces."

Woodrow Wilson listened to the address by radio at his home in Washington.

CHURCH SCANDAL DECISION UPHELD; MODIFY DAMAGES

Madison — The supreme court Tuesday modified and affirmed the judgment of the Racine county circuit court in the scandal suit brought against John B. Piette, rector of St. Rose's parish church, by Dorothy B. Schell, trustee and secretary of the church.

Supreme Justice Eschweiler reduced the \$2,200 damages awarded Eschweiler by the circuit court to \$1,000.

Piette asked \$25,000. He set out that the rector had called him a "hypocrite, traitor and Judas" and had made statements in public reflecting on the plaintiff's moral integrity and official fidelity.

\$51,250 LOOT IN MAIL THEFT

(By Associated Press.)

St. Louis — Postoffice inspectors Tuesday announced a partial check of registered mail obtained by bandits here yesterday showed the nine stolen pouches contained at least \$51,250 in negotiable bonds.

Jerome Got Start in Old Valentine Telegraphy School

W. B. Jerome, retired western passenger agent for the New York Central lines, who died at Los Angeles last Friday, got his start in the railroad business in 1872 at Rosebowl on the Chicago, Milwaukee & St. Paul. His home at that time was in Janesville at 382 South Jackson street, in the residence now occupied by Mayor Thomas E. Welsh.

Mr. Jerome was a graduate of the telegraph school run at that time by Richard Valentine now having offices in the Jackson block. At that time Mr. Valentine was local manager of the Western Union Telegraph company.

It was only four months ago that Mr. Jerome went through Janesville on his way to Los Angeles and visited Mr. Valentine. He was on his way for a sea voyage.

From Rosebowl, where he was night operator, Mr. Jerome went with the Santa Fe as a traveling passenger agent. He then went with the Michigan Central in the same capacity. Later he went with the New York Central lines, rising to general passenger agent, with offices in Chicago, and having charge of all the lines of that company west of Buffalo.

GRAVEL COMPANY ADDS NEW MACHINE

A large electric shovel of the latest type and design, running on caterpillar chassis, has been purchased by the Janesville Sand and Gravel company and shipped here from Marion, O., for use at the local pits. The shovel will be used for stripping off the overburden of earth. A big crane has also been purchased, the concern anticipating for this year the largest demand of gravel past years for building materials.

Bilious Attacks Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.
